Wedding, Where to Start

Before you first start wedding planning, the world of weddings seems full of infinite possibilities... and so is your Pinterest board. Maybe you'll have a tiny quirky wedding in a forest. Perhaps you'll have an all-night disco party in a giant hall. Maybe you'll wear a ballgown... or maybe one of those newfangled wedding jumpsuits. Who knows! The world is your wedding oyster.

Then you sit down to actually start wedding planning. And suddenly, all that infinite possibility becomes infinite decision-making. Where do you start? Guest-list? Budget? Decor? How are you going to afford all this? And also, why is your mom fighting you on all your ideas? Bottom line: the first few weeks of wedding planning can be the hardest. So how do you get from "OMG, how do we do this?" to "Okay, we got this!"?

We offer multiple services to ease your mind and ensure you enjoy your wedding day!

What we do

Day of Planning

We will start meeting with you three to four weeks before your wedding and confirm all plans that you have arranged. I typically like two meetings to get up to speed with your desires for your wedding day. One of these meetings will consist of touring (if possible) your venue to create a layout and set up a schedule for all involved parties/vendors.

We will handle everything on the day of your wedding so you, your family, and your friends can enjoy it worry-free. The Day of Coordination package includes one assistant and me on your wedding day.

"Day-of" service begins about 3 to 4 weeks before the wedding, and the couple does most of the footwork

The Couple:

Plans everything about the wedding themselves

Books the venue and vendors
Decides the theme and figures out decor
Coordinates the guest list and mails out invitations
Creates the seating chart and books the entertainment.

US:

About three to four weeks out, we step in to help finalize all the details, including...

Using vendor contact information and contracts provided by the couple to confirm vendors and manage their scheduling

Creating a timeline for the ceremony

Creating an itinerary for the rehearsal

On the day of your actual wedding:

We show up early to make sure every detail is in place

Assist in directing the setup/decor

Direct rehearsal

We are the point of contact for the vendors

We are on-site during the entire event, coordinating all the activities and ensuring a seamless production

\$500-\$800

\$100 (Rehearsal fee (If It is not on the same day as your wedding))

Partial Planning Service

When you pay for a partial planning package, we work in partnership with you and your sweetheart from the start. You can undoubtedly hire us later in the process, but it's helpful to avail yourself of our expertise as early as possible. This package includes all the same as day planning, plus a specific number of hours that we will work on your wedding — which you can allot to the particular areas you choose.
